

Prepared, responsive, and helpful...

20/20 Captioning & Reporting is always prepared, always on time, always responsive and helpful.

Remote cart has been wonderful for us. The services are professional, competent, and delivered with an incredibly human touch despite the fact that our college and 20/20 Captioning & Reporting are half a country apart! We recommend the service with enthusiasm, and feel very fortunate to have found such an excellent captioner for our student.
